Since its inception in 1983, Best Lawyers has become universally regarded as the definitive guide to legal excellence. Because Best Lawyers is based on an exhaustive peer-review survey in which more than 68,000 leading attorneys cast almost 4.3 million votes on the legal abilities of other lawyers in their practice areas, and because lawyers are not required or allowed to pay a fee to be listed, inclusion in Best Lawyers is considered a singular honor. Corporate Counsel magazine has called Best Lawyers “the most respected referral list of attorneys in practice.”

It is important to note that the lawyers listed in Best Lawyers have no say in deciding which practice areas they are included in. They are voted into practice areas entirely as a result of the votes they

receive from their peers. The subspecialties listed after their names are based on information from a variety of sources.

Since many state bar associations have a board certification process and rules governing legal specialties, please be aware that the practice areas and subspecialties listed in our publications are based on information from the general legal community and that a listed lawyer may or may not be board certified in a specialty or subspecialty. Clients are urged to check a lawyer's firm web page to determine whether he or she is board certified in the specialty or subspecialty.

HeplerBroom LLC's Managing Partner, Larry Hepler commented: "We couldn't be happier that Best Lawyers publications and the peer reviewers concluded that Glenn and Cathy are deserving of the Best Lawyer Honor. We are especially pleased that a total of eight HeplerBroom attorneys were selected for this honor. Our firm strives to provide the highest quality representation, while also providing highly valued legal services to our clients, which has been recognized here. As we have continued to grow, even in challenging times, we have maintained our focus on unparalleled client service, communication, and practical results." We look forward to a bright future.
