The *U.S. News & Best Lawyers*[®] "Best Law Firms" rankings are based on a rigorous evaluation process that includes the collection of client and lawyer evaluations, peer review from leading attorneys in their field, and review of additional information provided by law firms as part of the formal submission process. To be eligible for a ranking, a firm must have a lawyer listed in *The Best Lawyers in America*, which recognizes the top four percent of practicing attorneys in the US. Over 17,000 attorneys provided almost 600,000 law firm assessments, and almost 7,500 clients provided more than 40,000 evaluations. Receiving a tier designation reflects the high level of respect a firm has earned among other leading lawyers and clients in the same communities and the same practice areas for their abilities, their professionalism, and their integrity.
